

Land Specialties Manufacturing Co. Celebrates 55th Anniversary

Land Specialties Manufacturing Company, Raytown, Missouri is celebrating its 55th anniversary.

The company offers: CNC and conventional milling/turning; gundrilling; welding (MIG/TIG); assembly and packaging.

Land Specialties started out in the basement of the Land family home in 1959.

Today the company operates in a 16,000-sq.-ft. facility with 16 employees.

The company specializes in precision tooling (strickers, cutters, mold pins and bushings) for the blow molding industry.

“Our experienced crew is one of our strengths,” stated Gene Land. “We have five with over 40 years and four more with over 30 years with the firm.” Gene, an army veteran, has over 70 years of manufacturing experience himself, and Keith Rogers, Gene’s son-in-law, has 50 years with the company. Rogers and Gene’s daughter, Jeannie, run the day-to-day operations of the company. Other family members have worked in the company in various positions.

“We’ve always stayed focused on our motto ‘**Good Work at a Fair Price on Time**’,” Gene noted (Ephesians 6:7). Land, a deeply religious man, works with many Christian groups and charities in the area.

The company has a wide range of CNC and conventional equipment including: mills; machining centers; lathes; chucks; grinders; gundrills;
